COACHING STAFF CHANGES

On August 12, Chicago Stars FC announced that the club parted ways with Head Coach Marin Sjögren and Assistant Coach Anders Jacobson. Karina Báez will serve as interim head coach for the remainder of the 2026 NWSL season. Báez has served as an assistant coach for the Stars for three seasons and has extensive experience in various technical roles, including as a head coach abroad. Báez previously focused primarily on analytics. Prior to joining the Stars, Báez worked as a scout for the Mexico Women's National Team, bringing extensive experience in player evaluation and match analysis.

In addition, former Chicago Stars FC head coach Lorne Donaldson will return to the club as interim director of coaching for the remainder of the 2026 NWSL season, overseeing all technical and analytical aspects while reuniting with a familiar roster and staff. Donaldson returns to the Stars following a hiatus after his departure from the club in April 2025. The Jamaica native and former professional player first joined the Stars ahead of the 2024 NWSL season. During his tenure, he led the Stars from a last-place finish in 2023 to a playoff berth in 2024 with a 10-14-2 regular-season record that year.

Nicole Lukic also joins Chicago Stars FC as a full-time assistant coach with an extensive background in player identification, talent development, and high-performance coaching across the professional, youth national team, and collegiate pathways. Most recently, Lukic served as Head Coach of Spokane Zephyr FC in the USL Super League and as Director of Talent Identification for U.S. Soccer's Women's Youth National Teams, where she helped oversee player evaluation and development strategies for the nation's top emerging talent. In her role with the Stars, Lukic will play a key part in the individual development of players throughout the roster, leveraging her experience building player pathways and maximizing performance at every stage of the game. Her track record of fostering growth, creating high-performance environments, and helping athletes reach their potential will further strengthen the club's commitment to developing players on and off the field.
